

# Keeping Heat in Its Place™

Davlyn Group is a leading US-based manufacturer of thermal textiles and composites specializing in engineered products that help keep heat in its place, improve safety, and increase productivity.

By producing durable designs through vertically integrated in-house operations and offering fast turnarounds and collaboration, we ensure safe and sustainable systems for our customers.

## Durable Fabrications & Designs

Our heat and cut resistant materials deliver consistent quality and performance as the durable choice for customers with mission-critical applications.

## Products Made for Your Industry

From oven door thermal seals to custom insulation helping rockets reach their destination, professionals trust our products to protect workers and equipment across a variety of industries.

- Appliance
- Boiler
- Chemical
- Energy
- Hose Fabrication
- Home & Hearth
- Metals
- OEM
- PPE
- Transportation

With installation, performance, safety, and life cycle cost in mind, Davlyn Group designs products that ultimately enhance the value of your manufactured goods.

## Best-in-Class Engineering & Manufacturing

Through vertically integrated operations, experienced engineering, and lean manufacturing, Davlyn Group companies have been producing reliable outcomes for more than one hundred years with time-tested technology and innovative methods.

- Custom Fabricated Parts
- Punching, Slitting, & Cutting
- Braiding & Overbraiding
- Knitting
- Needling
- Aftermarket Kitting
- Plain & Drop Warp Weaving
- Sewing, Stitching, & Folding
- Heat Cleaning
- Coating, Dusting, & Dipping
- Yarn Spinning
- Coloring & Finishing
- Custom Printing
- Hook & Loop, Snap, & Turnbuckle Closures
- Delivery in Pieces, Bulk, Boxes, & Spools

From prototyping to testing, our product engineers work closely with you, asking the right questions to consolidate designs and satisfy all your timeline, cost, and customer support needs.

## Your Partner for Superior Technical Textiles

Obtain sound engineering advice, develop custom products, and boost your company's competitiveness with help from Davlyn Group.
